Welcome to CNP 2000, the internet based data system for Child Nutrition Programs in Idaho. Sponsors participating in the National School Lunch Program, Child and Adult Care Food Program, Summer Food Program and the Commodity Program use this system to enter and maintain sponsor applications and renewal applications, and to submit reimbursement claims and commodity orders. The Internet address for accessing this website is: <http://cnp.sde.idaho.gov/cnp/splash.asp> Once connected to the CNP2000 website, the first screen you see is shown above. From this screen you have the following three options:

- **Login**
 - ❑ In order to login to the system you will need to complete a User Authorization Form and have a Username and Password. You can print or download the User Authorization form on the Child Nutrition Programs website at <http://www.sde.idaho.gov/child/nslp-renewalforms.asp>
- **Child Nutrition Programs Home Page**
 - ❑ This will take you directly to the Child Nutrition Programs home page where you can find forms, specific program resources, and more.
- **Crystal Report Viewer Plug-in**
 - ❑ This allows you to download the software needed to view and print reports generated by CNP 2000.

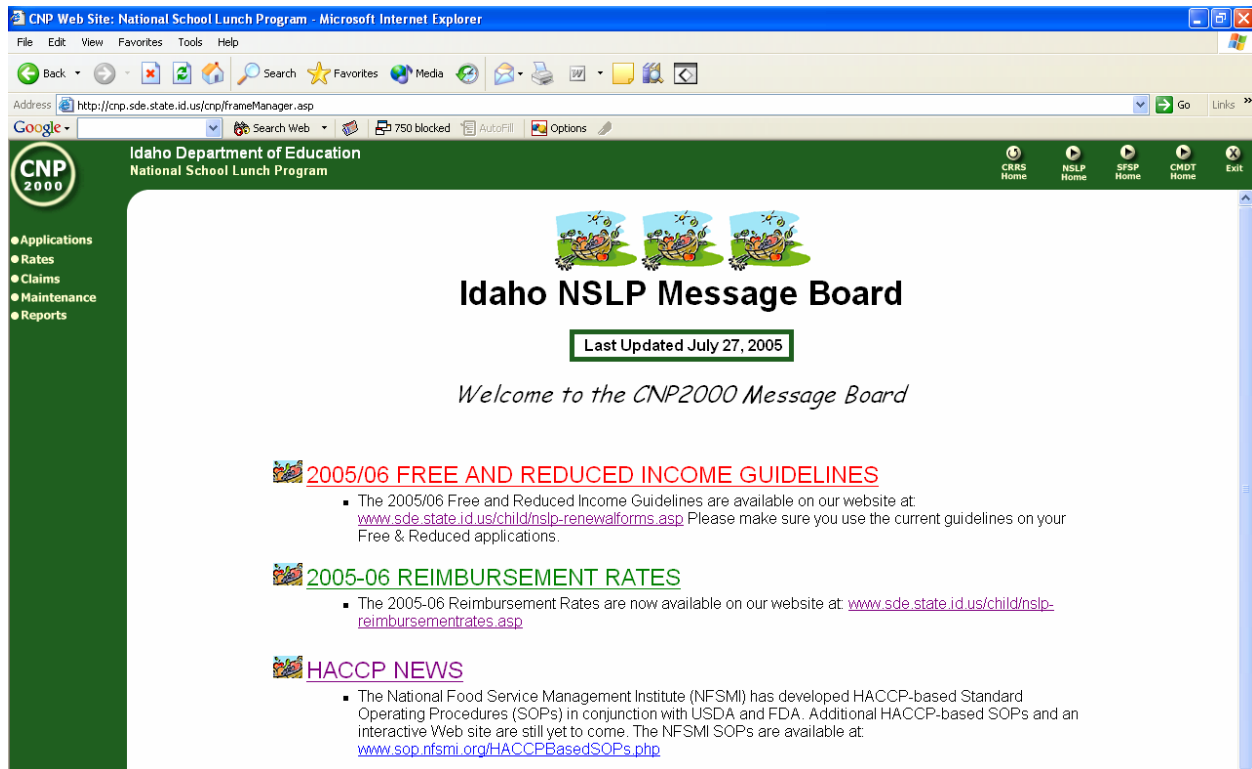

After clicking **Login** on the previous screen, the program will take you to this screen.

Enter your Username and the Password you chose on the User Authorization Form. Then click on the **Login** button. This will allow you access to CNP2000.

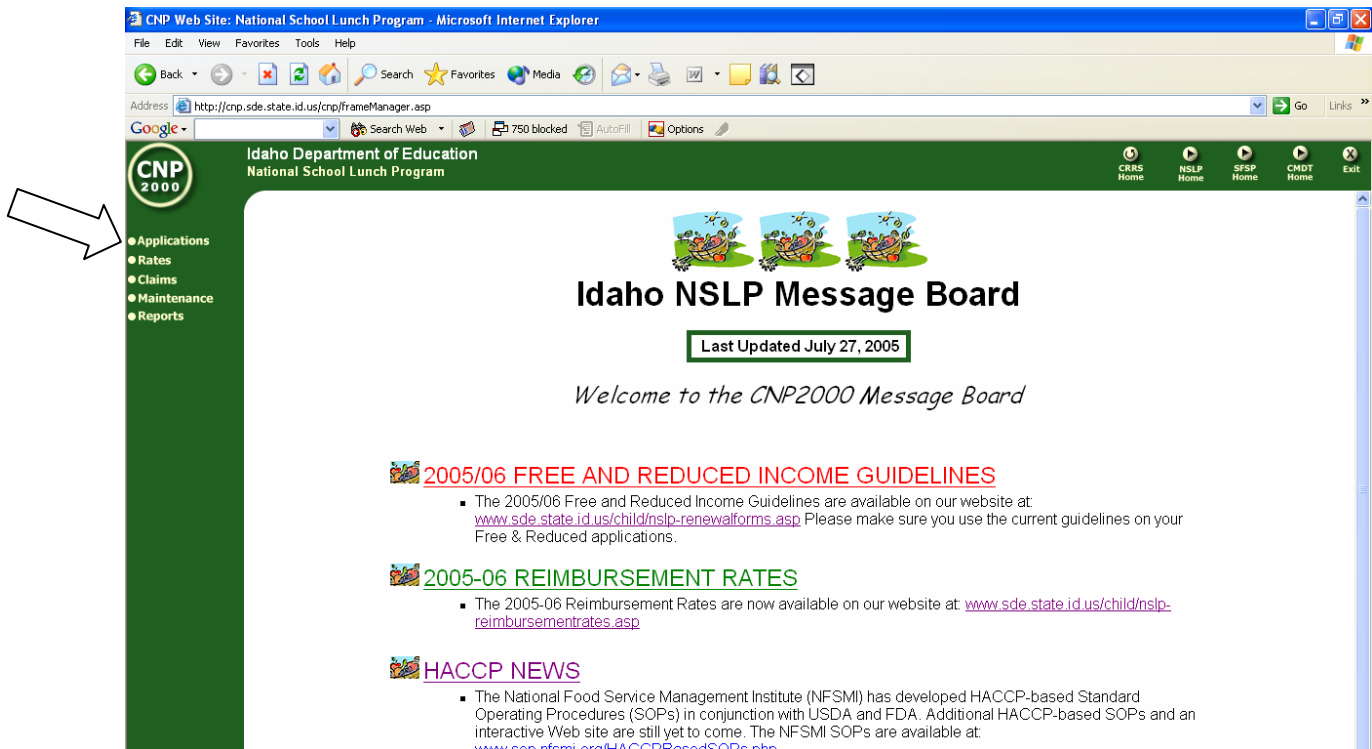

This screen allows you to select the program you would like to access. For example, if you want to enter a NSLP claim, you would click on the green National School Lunch Program area or for commodity orders you would click on the red Commodity Programs area.

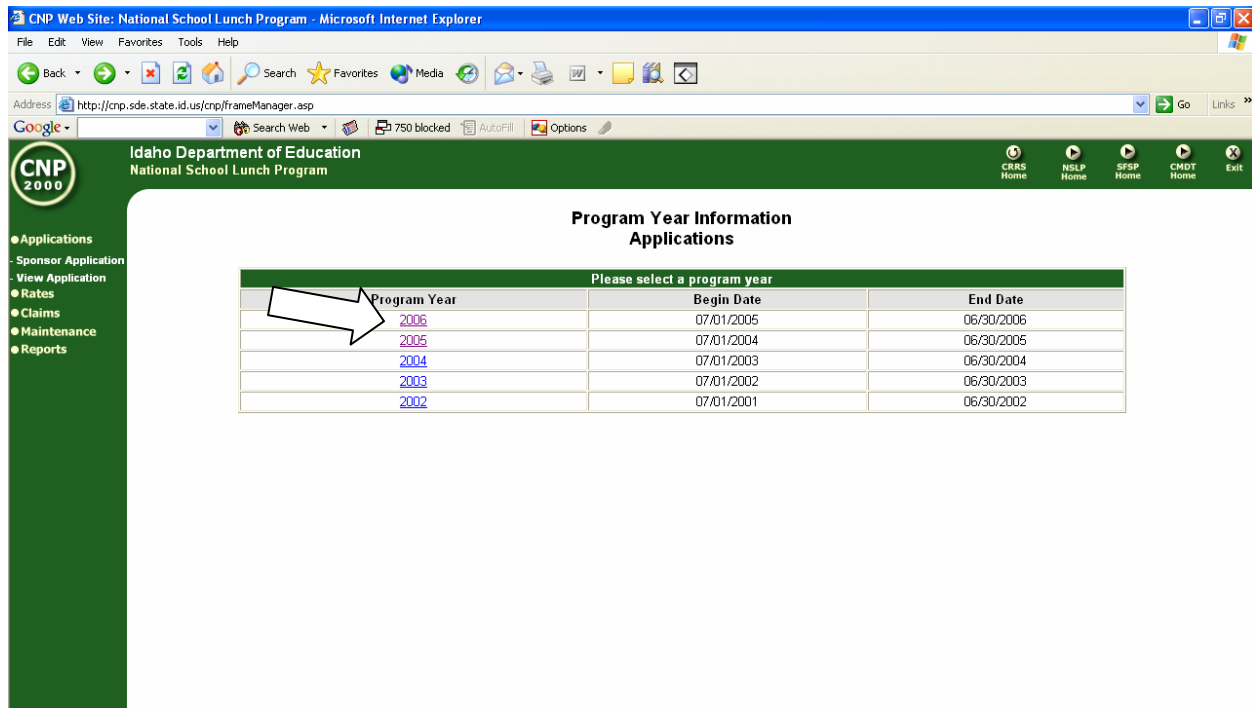

Once you have logged in to CNP2000 and selected the program you wish to access (National School Lunch, Commodity Program or Summer Food), you will see a Message Board specific to that program. State Agency staff will post messages in this area to update sponsors on new information or to remind them of upcoming trainings, deadlines, etc.

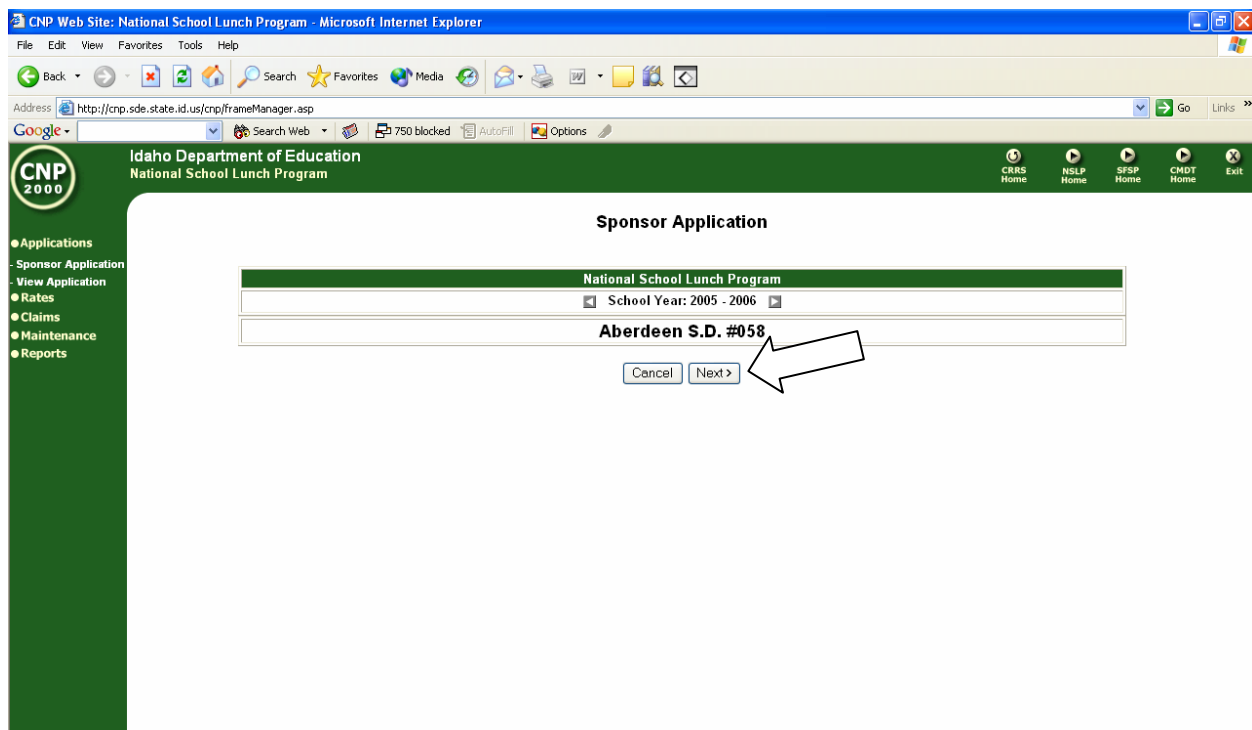

Application

To access your Sponsor Application, click on **Applications** in the list on the left side of the screen. After clicking on Application, you will see two choices: **Sponsor Application** and **View Application**. Click on **Sponsor Application**.

This screen allows you to select the Program Year you wish to work with, either for entering a new application or modifying an existing application. Select the year you want by clicking its link in the Program Year column.

Click Next and the following **Sponsor Information** screen will appear.

- This screen provides a list of the forms that make up the electronic Application Packet. Additionally, this screen displays the status of several of the items in the right side of the table. In order to access any of the items listed, click on the green “GO” button.
- **Sponsor Application:** This is your agency’s application to be a sponsor of the National School Lunch, Breakfast, Special Milk and/or After School Snack Program.
- **Site Application(s):** This form must be filled out for each site at which meals are served, counted and eaten (it must also be filled out for “walkovers” which will be discussed in a later section).
- **Civil Rights Report:** Districts must maintain records of the number of students who have been approved or denied for free and reduced-price meals by racial/ethnic categories. This information is reported to the State Agency on CNP2000 and is due no later than **October 15** of each year.
- **Verification Summary:** Verification is confirmation of eligibility for free and reduced-price meals under the National School Lunch Program or School Breakfast Program. Verification **MUST** include either confirmation of income eligibility and/or confirmation that the child is eligible to receive Food Stamps (FS), Cash Assistance (CA), or is eligible to participate in the Food Distribution Program on Indian Reservations (FDPIR). At State or local discretion, verification may also include confirmation of any other information on the application, which is required as a condition of eligibility.

- **Eligible Participant Data Entry Screen:** Districts are required to report to the State Agency the number of students approved for free and reduced-price meals and the total enrollment **by building**. This count must be taken on the first Friday in March of each year. *This information is used by many different programs within the Department of Education to determine funding eligibility and funding levels; therefore, it is critical that this information be accurate.*
- **Form Download:** This area is currently “Under Construction.” Watch Message Board for notification of items posted in this area.
- **Transaction History Report:** This is where you may find a listing of all previous claim transactions.

Claiming Months: Check each month that your program will be operating.

Meal Prices: Enter the prices charged for each meal to children in the applicable categories and any meal prices charged to adults. **Note:** Some schools have more than one price for grade ranges within a school. Please show the higher price charged for the basic reimbursable meal. For example, your district sells lunches for grades 1-3 at \$1.10 and grades 4-6 at the same elementary school pay \$1.25. Please show \$1.25 as the lunch price for the school. **Reminder:** The maximum that can be charged for Reduced Price Breakfast is \$.30 and the maximum for Reduced Price Lunch is \$.40. The amounts must be entered in the following format: 0.30 (you must include the zero before the decimal point). The amounts charged must be within the allowable range(s) in order for your application to be submitted without errors. If your district is on Provision Breakfast, you must still fill in the meal prices you would charge a visiting student for breakfast.

Answer the two questions before moving on to next section.

Special Milk Program: If you are participating in the Special Milk Program, complete the Special Milk Information section for your program type. Special Milk is a USDA program that reimburses for milk when reimbursable meals are not available to children. This is not the sale of a la carte milk during the reimbursable lunch and breakfast program. Fill in the above questions only if you have a Special Milk program. If students are charged for milk, be sure to provide the amount charged.

Civil Rights: Respond to the Civil Rights questions by selecting Yes or No then scroll down to finish the application.

SDE Use Only: This section will be completed by State Agency staff after you submit your application.

Submitting your Application: Once you have completed your application, scroll to the bottom of the page and click "Submit." If there are any errors in your application, you will see a screen which itemizes each of the errors encountered.

To fix the errors, click on the <Back button and enter the required data. If you are unclear as to what the error message means, contact Child Nutrition Programs.

Will Offer versus Serve be implemented:
(Does not apply if only Special Milk selected)
☐ Yes ☒ No

Each of the questions in the Miscellaneous Questions section should be answered as they relate to this site or school. The Miscellaneous Questions section must be completed in order to submit the application.

Meal Service Type Definitions (all sites claiming meals or milk must fill out a site application):

- **Base Kitchen** = Kitchen that is cooking food and delivering out to a satellite kitchen(s).
- **Central Kitchen** = Large facility that is batch cooking for a large part of the district's kitchens.
- **Transported in from Base Kitchen** = A satellite kitchen that receives meals from the base kitchen. The satellite receives a majority of their food from another site and typically does not do much cooking, mainly just serving.
- **Self-contained** = The kitchen cooks only for themselves and any walkover students that are from another school or area.
- **Walkover** = There are two situations which can apply and all sites must fill out a site application.
 1. This is a school where students that attend at this building receive reimbursable meals, but have to walk over to another school to receive their meals.

2. This is a school where all students receive their meals at the same kitchen and attend school in the same building. All grade groupings (Elementary, Junior or Senior High) must complete a site form. In this case, the elementary site form will be listed as the self-contained meal service type. On the secondary site forms, choose walkover as the meal service type. The State Agency needs the elementary, junior high and high school students broken down by grade groups for eligibility data for other programs such as After School Snacks and the Summer Food Service Program.

The free and reduced eligibility and enrollment numbers are reported separately for the elementary, junior high and high school when the Eligible Participant Data is entered into CNP2000 in March of each year.

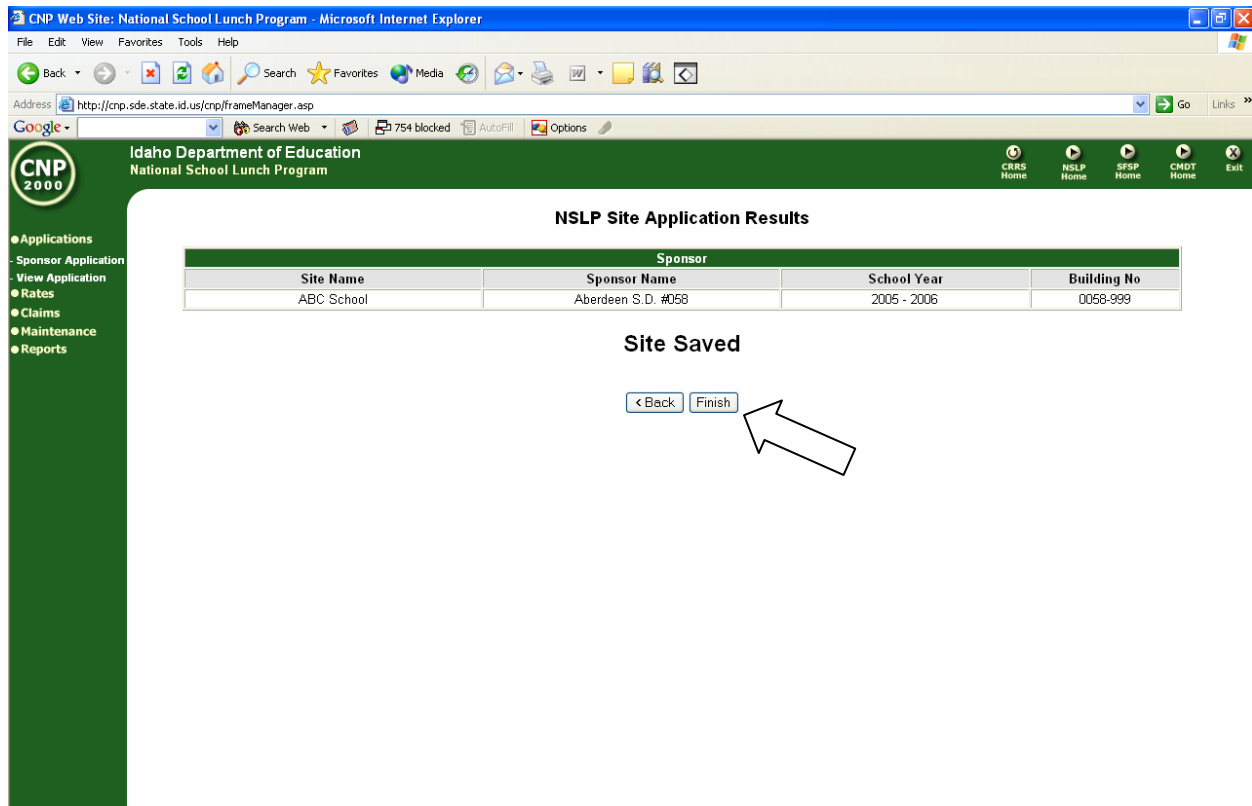

Offer vs. Serve Definition

Offer vs. Serve is required for high school students. The only exception is a school where unitized sack or box meals are delivered. This means the site does not have the ability to serve meals on trays. This primarily occurs in alternative schools and other off site education situations. In this circumstance answer “No” to the Offer vs. Serve question and type “unitized ML” in the space provided.

The final section on the Site Application for sponsors to complete is the Provision Section. In this section you will check the appropriate boxes and enter the provision base year.

The last section is for SDE Use only and will be completed by the State Agency.

Once you have completed your application, click “Submit.” If there are any errors in your application, you will see an errors screen. Correct the errors and resubmit and the following screen will appear. If you have any questions or need assistance with error messages, contact Child Nutrition Programs.

Once you have completed the form, click the “Finish” button to return to the Application Packet Menu Screen.

Verification is confirmation of eligibility for free and reduced-price meals under the National School Lunch Program or School Breakfast Program. Verification **MUST** include either confirmation of income eligibility and/or confirmation that the child is eligible to receive Food Stamps (FS), Cash Assistance (CA), or is eligible to participate in the Food Distribution Program on Indian Reservations (FDPIR). At State or local discretion, verification may also include confirmation of any other information on the application, which is required as a condition of eligibility.

For more detailed information and instructions on Verification, refer to the Verification section in this manual.

National School Lunch Participation Data by Building

The next form to complete is the Lunch Participation Data by Building form. Click on the “Go” button next to Eligible Participant Data Entry Screen on the Sponsor Information Menu on the screen shown above.

Enter the **exact** number of children listed as Free and Reduced and the Total Enrollment by site. Each site should provide you with their enrollment information as of the first Friday in March. The program will calculate the Percentage of Free and Reduced. Once you have entered that information, click "Submit." A screen will appear that says your information has been successfully added. Click "Finish." **Do not include preschool and kindergarten children in the Number of Children Eligible and the Enrollment Counts.**

Use data from the first Friday in March.

The claim form displays the sponsor name, participation number, claim month / year, and revision number.

Use the drop down arrow to select a submission type and an authorized signer. The received date will default to today's date. Enter the begin and end date of the claiming period. Enter the number of children for Free, Reduced-price, and the Total Enrollment for children participating in the School Lunch Program. (The dates cannot cover more than one month.)

Enter the number of meals served for each category.

Note: The Totals listed on line #11 must match totals listed on the FS-4 (Daily Meal Count Record and the Consolidation Worksheet).

Severe Need Breakfast: A Severe Need Breakfast application package must have been completed and approved by the State Agency in order to claim Severe Need Breakfasts. When entering in Breakfast, total your school(s) with Regular Breakfast separately from school(s) with Severe Need Breakfasts and enter the totals in the screen on previous page. **Note: You will have two breakfast totals if you have some schools that don't qualify for Severe Need Breakfast and some that do.**

Special Milk Program: If you participate in this program, record milk under the paid category unless you are under the Free Special Milk Program, have collected Low Income Applications and you are checking off kids by name for free milk.

Scroll down to complete the remainder of the claim form.
